

**GEORGIA ABSTINENCE-UNTIL-MARRIAGE PROGRAM**

**EVALUATION ACKNOWLEDGEMENT FORM  
(To Be Completed By All Applicants)**

The Georgia Abstinence-Until-Marriage Program pre- and post-test surveys were developed to collect statewide demographic and programmatic data that reflect standardized program goals and objectives. The information gathered from these surveys will help to ensure future state abstinence funding as well as assist local programs with securing continued funding.

Each funded program will be responsible for collecting the data. GOCHF will be responsible for entering and analyzing the data. In addition, each program will be provided with a copy of the analyzed data (reported in group form) as well as a copy of the overall statewide data after all programs have completed the post test collection. This system will ensure that all programs are reporting the same outcomes in regards to the success of a particular program.

I, \_\_\_\_\_, certify that I understand the purpose  
(agency executive officer)  
(school principal, if applicable)  
(superintendent if applicable)

and use of the pre- and post-test surveys as well as acknowledge that if I do receive GOCHF funding directly or indirectly through a contract, I will be required to implement the surveys.

**Please note:**

**In order to implement an Abstinence-Until-Marriage curriculum and the pre and posttest surveys in a school or school system requires approval from the local sexual education committee and board of education. Once approval is granted, the superintendent and applicable principal must sign the Evaluation Acknowledgement Form.**
